

Because of telemarketing I pay for and maintain (2) phones, one landline for internet access, and shut off the ringer and a cell phone unpublished and unlisted for personnel use, all to avoid the nuisance of telemarketing. Now even the Wisconsin Law Enforcement Assn. is telemarketing me on my cell phone on 11/8/04, and won't tell me where they received my number. Of all associations the Law Enforcement Assn won't answer my question on how they received my number, getting time to reconsider their benefits.

Anyway without a doubt the No Call list stays.

Whom are the banks that are petitioning to remove No Call, they need to be on my No Respect list with the Law Enforcement Assn.

Sincerely

Brian Fischer
